Recognition That Becomes Part of the School

MORE THAN A PORTRAIT

A Legacy Portrait celebrates the people students see every day - educators, leaders, counselors, coaches and staff who help shape a school community.

Designed to honor service.
Built to strengthen pride.

WHY SCHOOLS CAN USE IT

- Create a polished first impression in lobbies, hallways and administrative offices.
- Recognize teachers, principals, counselors, coaches, retirees and special honorees.
- Build a coordinated visual tradition that can grow as staff and leadership change.
- Connect individual achievement to the school's identity, colors, mascot and culture.

Concept artwork shown for demonstration. Official school artwork is used only with appropriate authorization/approval.
